

ISPCA Equine Adoption Application

Our objective at the ISPCA is to responsibly rehome animals where they will be happy and well cared for, for the rest of their lives.

All animals have been rescued because their owners couldn't, or more often wouldn't, care for them. We aim to match each animal to a suitable owner and our priority is to ensure the animals are well cared for. We ask all prospective owners to complete the following questions providing as much information as possible.

Equine Adoption: Please note

If you live in a council or rented property, written permission from the council or landlord/owner may be required. The animals are the property of the ISPCA and will be rehomed at the ISPCA's discretion. The ISPCA can refuse to rehome an animal without giving a reason and cannot accept responsibility for the temperament or behaviour of any of our animals after rehoming.
